Environmental Policy Statement

At Datagraphic Ltd, we recognise our responsibilities to the environment and are committed to minimising waste and pollution. We are dedicated in satisfying the requirements of ISO 14001 with the following commitments and objectives. We always aim to:

- Minimise disturbance to the local environment and to the quality of life of the local communities.
- Comply with all relevant statutory regulation.
- Maintain appearances and highest environmental standards with the company premise.
- Assess, in advance if possible, environmental effects of new processes and developments.
- Provide necessary information to enable proper use, storage and disposal of Company products to avoid harm to the environment.
- Provide necessary information to enable employees to operate processes properly and minimize effects on man and the environment.
- Develop, maintain and continually improve comprehensive environmental management system.
- Regularly review environmental performance at management level.

Sustainability and Recyclability

Where possible, renewable materials are sourced at all levels of the organisation and waste materials from the processes are recycled.

Suppliers and customers are always encouraged to choose materials that are renewable and/or recyclable and to minimise the need for landfill taking the Carbon Dioxide footprint into account.

Continuous work is carried out to develop and implement solutions towards sustainability and to reduce emissions.

Banned Substances

Datagraphic assures against the inclusion of hazardous chemical substances in its products as defined by legal and/or specific customers' requirements. This assurance is maintained by mutual cooperation with suppliers and sub-contractors.

Environmental Policy Awareness

This policy is available to all persons working for, or on behalf, of Datagraphic via the company's Standard Operating Procedures manual.

Robert Hoon
Managing Director

Why Datagraphic?

As a leading Strategic Document Outsourcing (SDO) company, Enterprises work with us to successfully deliver minute-critical documents online and in print.

From our secure ISO27001 UK production and technology centre, we print and mail millions of documents each year and develop software to transform data in to responsive online customer, employee and stakeholder communications.
